

COMMISSIONER BOB HARRISON

PRESENTS

2ND ANNUAL SYMPOSIUM ON POVERTY

“The Continuing Face of Poverty”

A fresh picture of the poor - mostly hardworking Americans who can't make ends meet through no fault of their own. You may recognize the faces of poverty. It's the family you see at church who can't afford a doctor visit for their sick child; it's the senior sitting in front of you on the shuttle whose social security benefits no longer cover the cost of rent and food; it's the person buying bread and peanut butter at the grocery store who has been employed in the same industry for most of their lives and is suddenly without a job.

AMERICA IS GETTING POORER. WHAT ARE WE GOING TO DO ABOUT IT?

Come join the discussion as we seek a plan of action to address eradicating poverty in our community.

FRIDAY, DECEMBER 2, 2011

5:30PM-9PM
